

STICK SLIP ISSUES?

HydraSUM

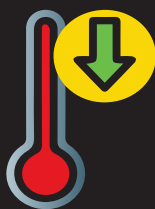

No More:

- Jerkiness
- Pounding
- Slipping
- Squealing
- Whines

is specifically
engineered:

Regain lost power

Lower operating
temperature

5% TREAT
RATIO

Effective in stopping
"stick-slip" on noisy
hydraulic pistons

Improves hydraulic oil
flow characteristics
[increased lubricity]

Unique chemistry
extends fluid life

Separates water
and eliminates
cavitation issues

Revitalize tired seals

Pour point depressant
for improved cold
weather performance

ADVANCED HYDRAULIC ADDITIVE

HydraSUM

TURN YOUR FLUID INTO A PREMIUM
HYDRAULIC PROBLEM SOLVER

FEATURES & BENEFITS

Friction and Wear Reduction

Smoother problem free operation

Water separation

Quickly separates water from fluid

Lower Operating Temperature

Only 5% required

Improves winter operation

Improves cold flow of fluid by up to 15°C

Reduced Energy Draw

Up to 33% savings

Reduced Cavitation and Jerky Motion

Extend Seal, Hose and Fluid Life

Smoother running and fewer contaminants

Unique to the market

PRODUCT ID: 3103-1-1	UPC: 813010000133	PACK: 1	SIZE: 1 L
PRODUCT ID: 3103-1-12	UPC: 813010000867	PACK: 12	SIZE: 1 L
PRODUCT ID: 3103-4-1	UPC: 813010000140	PACK: 1	SIZE: 4 L
PRODUCT ID: 3103-4-4	UPC: 813010000874	PACK: 4	SIZE: 4 L
PRODUCT ID: 3103-10-2	UPC: 813010001154	PACK: 2	SIZE: 10 L
PRODUCT ID: 3103-20-1	UPC: 813010000157	PACK: 1	SIZE: 20 L
PRODUCT ID: 3103-205-1	UPC: 813010000164	PACK: 1	SIZE: 205 L

Made in
Canada

Manufactured to ISO 9001:2015 specifications.
